

OUR STORY

Leera School is founded by three Zanzibari women of diverse backgrounds and upbringings. They share a common bond in quest for 'high quality education' for their children that will prepare them to become independent learners, with early exposure to realistic environments.

Starting a school was in reality a vision that was born out of necessity; to address the challenges and limitations facing the private school educational structure. As professional working mothers with children enrolled in various private schools, their personal experiences with the educational system in Zanzibar, led them to start the school. Their hunger and determination to tackle these issues turned into a realistic concept in 2019 and later blossomed into Leera School. This initiative brought together some of the island's senior academic advisors with matching educational facilities for the school.

As natural caretakers, we, the founders of Leera School aspire for our children and others to excel to the best of their abilities. Leera School will serve as a foundation for students to learn, Evolve and Rise above their potential.

Welcome to our community!

Ammal, Farheena, Shahira

Farheena Jiwan

Shahira Mazrui

They say that "tough times do not last but tough people do", we salute team leera for the extra ordinary dedication they've shown in transforming our school into a second home! we are forever thankful to our team for standing on our side during difficult times, thank you for understanding us and thank you for considering Leera as your own; you guys have shown us that with team work, dedication and discipline anything is possible- Thank you!

Ammal Sadiq

Educational Institution all around the world along with the aspirations of students and parents have undergone critical transformation with time. As Leera School, we aspire to provide top quality education to all, with a well balanced curriculum.

We are glad to have a team of highly dedicated and experienced teachers who create a vibrant learning environment to nurture in our students a passion for learning and cultivate in them the spirit of enquiry.

At the completion of our VERY first year, we are proud to say that we have achieved most of what we aimed for. Amongst other achievements, we recognize the support of parents and positive feedbacks, teacher's dedication and student's love for Leera School.

Farheena Jiwan

Choosing a school is one of the most crucial to the individual needs of your child, it is a vital decision for every parent to make. Many questions arise though the most significant is whether the school's educational and social values meet the parent's expectations and standards.

Leera is the solution for all your questions because we ensure that each child will achieve their full potential in all areas of their development. We encourage our students to work independently as well as cooperatively, learning to respect the needs of others as well as their own. A love of nature and a deep sense of responsibility for others and their environment. Also, the child should have fun and develop new friendships. Mostly self-esteem is nurtured so that each child is proud of their ability and is confident in what they can achieve.

At Leera, it's our priority to provide a school environment to our children that is just an extension of their families, by providing a safe environment in which they can explore ideas and feelings. We aim to direct each child to achieve their personal best by allowing them to develop at their own pace.

Shahira Mazrui

Madam Fatma

This has been a wonderful school year here at Leera school and incredibly busy and so much rewarding as many of our students have continued to achieve, shine, learn, and grow. It has been a great privilege to serve Leera students and to be able to see all of the progress throughout the year. I have enjoyed visiting your classrooms and observing rigorous learning taking place. As students, you have been taking ownership of your learning and have fully engaged in learning tasks.

I hope that when you look into this yearbook and reflect on the wonderful memories. May you strive for the best and keep moving forward with pursuing your dreams to change the world into a better place.

I am overwhelmed with humbleness and gratefulness to all those who have helped to put these ideas to make a wonderful yearbook. I would like to express my special thanks of gratitude to the directors, teachers as well as students, and all those who have put effort into bringing together a wonderful collection of memories, awards moments, and achievements. Truly this yearbook reflects our school maxim, "through learning, we will evolve and ready to rise for the world"

Madam Nasrin

Dear Students,

I can still remember my first assembly with you all. There was a sea of smiling faces, pristine uniforms, and many many dreams in your eyes. So today I take this opportunity to express my thanks for your continued hard work and dedication on all the tasks given to you. This year was just like a roller coaster ride it wasn't easy for any of us. But I proudly say that we did it!

Here at Leera School this our utmost priority and that is to make sure that we meet our mission vision and our Motto which says Learn Evolve Rise.

Lastly, I want to congratulate the whole team of Leera school management, teachers, other staff, our dear parents and not forgetting our super amazing students for their continuous contribution in one way or other.

If you apply your abilities to the tasks assigned to you, you will see that there is no limit to success which can be yours! Here at Leera we believe that you can do and explore many things.

"BE STRONG!"...We are here, we have to work hard to fulfil our mission, vision and motto (Learn, Evolve and Rise).

Sincerely,
Md. Nasreen

Teachers Team

An underwater scene with a blue background and light rays from the top. Several dark blue fish are swimming. In the foreground, there is a sandy bottom with green and pink coral. A yellow starfish is on the left, and another is in the middle. A seashell is on the bottom. The text 'PRE-NURSERY', 'NURSERY 1', and 'NURSERY 2' is written in white, bold, outlined letters, slanted upwards from left to right.

Rolly polly... roly polly.. up up up...Grade One here we come!
- Teacher Rayhan

Mr.
Dafa

Here, at our school, we teachers' co-ordinate and plant good seeds of determination and achievement by ensuring that students are well integrated in the whole course of learning. As teachers, facilitators, mentors and guiders we are training, encouraging and motivating the students to reach their target with passion and love for permanent changes.

Apart from students, I'd also like to take this opportunity to request parents to also "Push" their children to work hard and pursue their goals. We are creating individuals who can lead the way for others and not just be part of the crowd!

To us education is a treasure and key of success to a better society which is attainable only by sheer determination!

**Word from our Students' Government: -
President (Suleiman Ally) and Vice President (Lukman)**

As leaders, we are greatly honored to assist our school with our respective duties. We try our best to maintain safety, discipline and cleanliness in our school with the help of our team. It is a great responsibility but nothing is impossible without team- work. We would like to take this opportunity to thank our fellow team mates and teachers.

We might have ended the year but just know this is just the beginning. Take each failure/ mistake as a stepping stone and move on!

- Teacher Kaajal

**Mr.
Kassim**

Most people relate the word Discipline with physical punishment, however, it's far from that. Discipline means a way in which we align our body, mind, and our soul through teaching to be able to differentiate and choose the right decision from the bad. Discipline is not just a moral value, but it is the most powerful virtue that is necessary to be successful in life. One cannot achieve the goals of life without being disciplined. From a doctor to a sports person, it is a discipline that takes them forward in life. However, discipline is not learned in a day. It takes years to acquire this trait and the best time to learn discipline is right from childhood. That is why schools play a crucial role in bestowing discipline and creating well-balanced individuals.

As a discipline master of Leera, I play a crucial role in training our students to be a better version of themselves not through fear but by employing teaching and reasoning.

Form 1

1st Row from Left to Right: Suleyman Khamis, Yahya Hadi, Lukman Mbarak, Muttawakal Khamis, Feisal Ibrahim.

2nd Row from Left to Right: Sarina Abdullah, Sahara Ilyas, Talhiya Mwalim, Salwa Mohammed, Samyha Makame, Farhat Abdallah, Sabrina Abdullah, Mahdiya Mohammed, Miss. Khaula Said.

Everyday is a new day.. take it up as a challenge and work harder then you did yesterday! Practice makes perfect!

- Teacher Khaula

For Fun

Whats up there??

Madam Fatma dint get her laptop?

Who is a chef now?

Word from the PTA Secretary: Madam Rayhan

For effective learning to take place, we require all three “Groups” to be fully involved in the learning process, these are; Students, Teachers and Parents. All these three groups need to collaborate so as to create a conducive schooling environment. Parents are a crucial part of our learning institute. We take much pride in our team. Parents help bridge the gap between the school and the society.

Of recent, when we were hit with the Corona crisis, our PTA parents’ members assisted us in communicating and convincing other parents to support us on zoom classes and more. We wish to continue solving problem and sharing ideas for the betterment of the school.

PTA members:

Chairman: Mr. Ibrahim

Secretary: Madam Rayhan

Other members: Madam Fatma, Mr. Arif, Mr. Mohammed Seif, Mr. Kimara, Mr. Kassim, Madam Nuru.

At Leera School, we motivate students by using rewarding system.

They conform to appropriate behaviors when rewarded either intrinsically or extrinsically and show interest and raise their participation in the everyday classroom tasks, responsibilities and learning.

We Inspire Beyond Academic Perfomance

Parents Comments

Maoni yangu nimefurahi sana tena sana kwa maendeleo ya Mohid Ali ni mazuri pia nawapa pongezi na shukrani Ma kwa walimu wote kwa jitihada zao Madam Nasreen, Madam Zahra Madam Mary, Madam Nabil, Madam Ubeida.... shukran!

Bibi. Mohammed Ali

Thank you Teacher Nasreen and all teachers of Grade 2 for all the efforts that you put in order to mould our children to the right path. You always encourage and motivate them. Also, a very big thank you to the Management and all staff of Leera School. Together we can reach our target.

Baba Mohammed Tahir

I've honestly struggled to find a school to put my kids in Zanzibar ever since I moved here until I decided to put them in Leera. My kids don't throw tantrums for going to school any more. Although it's been few months since my kids joined I see progress in Maryam, I appreciate the effort teachers put in. We have great respect for the school's reputation, and we think highly of the school's facilities. We trust your school can provide good environment for her study here to equip herself for her future.

Keep up the good work,

Mama Maryam Farhan

When we transferred our children from a highly reputable school to a startup school we were hesitant at first, but after a couple of months we don't regret that decision at all. This school has proved to have exceeded our standards and the amount of attention given to the students is exemplary. Special thanks to teacher Nasreen for all the efforts and care for our children. We are grateful and together indeed we can...

Parents of Hadeel Salim

I would like to thank all the teachers of grade 5 for their positive help of teaching to my daughter Mariam .

In year 2019 she was in another school here zanzibar , We put our trust in Director of Leera and decided to enroll our daughter at Leera for better education when she joined leera she was not happy in beginning but the positive friendly environment of school and guidance of teachers developed the bridge and our daughter has developed into a confident and capable child we can see the results as our child has positive change she has become more eager to learn , she doesn't hesitate or bring tantrums on going to school on weekends. She loves teamwork with fellow classmates.

We both parents of Mariam Munawar are very Thankful to the teachers Madam Kaajal, Madam Ubeida, Madam Stella, Madam Zahra, Mr. Juma, Mr Othman, Mr Daffa and Mr Kassim for their good support n very good care. Expertise of Teachers puts our mind to ease. Thank You. May the Almighty Grant all teacher with very good strength , Health for all the future upcoming goals for our kids and Bless Management of LEERA

Asante Sana !

Mama Mariam Munnawar

Students Comments

Our school environment is clean and conducive . we are being served nutritious meals everyday. Teachers always come up with new ideas to teach us . I like my school a lot ! “

“Leera **Ali Omar - Grade 4**

School has ample classrooms . we have separate prayer rooms for boys and girls . Teachers motivate us to be responsible students.”

Sarah Fahad- grade 5

“Leera is the best , better than the rest . No other choice than Leera ! It has an amazing view . It also has excellent students who are confident and brave .

Mahdiya Mohamed – form 1

“Leera is an amazing school because they build up your confidence . They have sensible, hardworking students . Our school is the best in Zanzibar . we are also served with good food. The teachers are very kind and have the brightest smiles .

Sahar Hilmi – form 1

“Leera is wonderful school , because the teachers understand our problem and help us in our studies . Leera School has a really clean environment.

Arkan Jiwan – form 1

“Leera is the best school in Tanzania . It has excellent , friendly students and great food. The teachers teach us well and they take care of us . teachers are special and we respect our teachers a lot. “

Talhiya Mohamed

I like my school because the teachers are very kind and cooperative. They teach us very well. All students are friendly, kind and also crazy. We get well – balanced meals. We do a lot of activities . “ no one is going to stop us from shining !!! “

Sarina Abdullah – form 1

“ Our school has dedicated teachers who are determined to grow us well. Hence improving performance of my fellow students . We also have many team building activities . “ The Best place to get education is Leera , Thank you “

Hiham Juma – Form 1

“Leera school is a nice school , it has educated me well other than other schools I went to. I like Leera school because the teachers are kind and I can understand them well. It is the school of my dream . I always wanted schools like this but I couldn't find until Leera was formed .

Suheil Rashid

“ In our school , we are taught to be self independent , responsible and get the best knowledge . Our school provides us the best facilities , which are crucial for our academic progress. We are cared for well. It is like home to me”

Sabrina form 1

Extra Curricular Activities

In recent years, electronics have become children's main source of entertainment. But what impact does that have on our children? It has stunted friendships, outdoor activities, and health of our youth. Extracurricular activities have shown many positive benefits in recent research and studies, from teaching them socialization and team skills to stress management and health benefits. Letting your child explore various positive hobbies can help prevent them from partaking in negative activities children sometimes become involved in. There are many extracurricular activities your child can become involved in depending on their age and interests.

COOKING

Cooking can help young kids learn and practice some basic math concepts and build language skills. And the experience of creating meals with adults can help build their self-confidence and lay the foundation for healthy eating habits.

While growing up, many kids will face challenges of adapting socially. The best way to help them overcome this is by encouraging them to learn how to play a musical instrument or be part of a singing group. This helps them develop social skills, such as how to relate with people, how to work in a team, leadership, and discipline, and how to appreciate rewards and achievement.

5 Ways to Handle a Bully

Hold your hand
Out and say?
STOP IT

Move away
To a
Crowded area

Talk to a
Teacher, parent
Or friend

Stay calm.
Talk friendly

Stand up straight
And say,
LEAVE ME ALONE

ANTI
BULLYING

Parents, school staff, and other adults in the community can help kids prevent bullying by talking about it, building a safe school environment, and creating a community-wide bullying prevention strategy.

At Leera School, we help kids understand. We talk about what bullying is and how to stand up to it safely. We tell kids bullying is unacceptable and make sure kids know how to get help.

We teach the kids from early age to care for our environment and benefit of living in a clean and safe environment.

CARE FOR
THE
ENVIRONMENT

"Physical education makes every child stronger and every life longer" Children learn as they play. Most importantly, in play children learn how to learn. Physical fitness is not only one of the most important keys to a healthy body, it is the basis of dynamic and creative intellectual activity. - P.E. TEACHER - Madam Nabila

SPORTS

Going to a study tour means more than simply leaving the school grounds. Study tours should always have a major educational element, but the impact of the trips can extend much further. The importance of educational excursions includes giving students the chance to build closer bonds with their classmates, experience new environments and enjoy a day away from the classroom
